

In the Specification:

On page 1, after the title insert the following:

This is a U.S. national stage of application No. PCT/CH2005/000081, filed on 14 February 2005.

On page 2, amend the paragraph beginning on line 24 as follows:

~~The~~ An object of the invention is to specify a method for producing fragrance and/or aroma compositions by means of which the above disadvantages and restrictions are avoided. This task is solved by the method defined in claim 1 and by the device defined in claim 9 according to the invention.

On page 4, amend the paragraph beginning on line 11 as follows:

The method according to an embodiment of the invention uses a composition database comprising information for a group of base compositions, whereby the composition – expressed in the form of the recipe vector – on the one hand, and the sensory attributes – expressed in the form of the attribute vector – on the other hand, are stored for each base composition.
